

Solution Framer

Title of solution

Dementia Dog Cafés

Draw it here

Brief description of solution

Providing a safe environment for people living with dementia, where trained dogs and families can come together.

To create an event for local people living with dementia where they can come and spend time. They can see the benefits that dementia dogs can bring.

Why does it meet the challenge?

Multiple families to experience some of the benefits of the dementia dog – maximise the training of that dementia dog.

List the resources needed to take the solution forward

*Dementia support worker
Dog trainer
Café environment
Dog activities
Transport*

What are the key features of your idea?

*Safe space
Trained dogs
Dog-related activities:
dog bingo; dog colouring in; dog shaped cookies.*

What are the benefits for your persona and other stakeholders?

Harry is motivated to leave house; he talks with authority about a subject he loves and knows a lot about; socialising; dog is connecting him to others; his wife can have a cup of tea, socialise and relax.

What are the barriers and how can they be overcome?

*Transport for people struggling with mobility. Funding to pay for dog activities and to fund dementia support worker.
Communicating to local community.*
